

Story Links

An accredited 3 day training course to support pupils at risk of exclusion

***Delivered by Dr Trisha Waters, Founding Director of the
Centre for Therapeutic Storywriting***

Story Links

Story Links is a parent partnership intervention to support vulnerable pupils at KS 1 and 2. It uses therapeutic storywriting to support pupils' emotional well-being and reading skills. The intervention involves pupils, parents and teachers in the co-creation of stories that address the pupils' social, emotional and mental health needs.

Evidence Base

Research funded by the Training and Development Agency for Schools found that Story Links increased parental involvement in pupils' learning, improved behaviour, and supported reading skills.

There is an expectation that participants will run weekly sessions with a parent and pupil throughout the training
